## SKILLS

### PROGRAMMING

- Python • JavaScript • Java
- HTML • CSS
- React JS • Node JS
- Machine Learning

### FRAMEWORKS

- Bootstrap • Tailwind CSS
- Express JS

### DATABASES

- MongoDB
- MySql

## NON-TECHNICAL

## SKILLS

- Time Management
- Problem Solving
- Communication
- Adaptability

## COURSEWORK

### UNDERGRADUATE

- Data Structures & Algorithms
- Database Management Systems
- Object Oriented Programming
- Web Technologies

## ABOUT

Innovative Full-Stack Developer specialized in MERN stack, with a strong foundation in Python and knowledge of Machine Learning. Quick to master new technologies and adapt to fast-paced environments, I am eager to learn advanced concepts and apply my growth mindset to impactful projects. With a focus on problem-solving and excellence, I thrive on taking on new challenges and making meaningful contributions.

## EXPERIENCE

### NATIONAL INSTITUTE OF TECHNOLOGY (NIT) WARANGAL

May 2024-June 2024

Worked as a Python Developer intern, developing scripts for machine learning. Gained experience with NumPy, Pandas, and scikit learn, demonstrating strong problem-solving skills and commitment to excellence.

## PROJECTS

### CLOUD NOTE

CloudNote, developed with the MERN stack, is a sophisticated note-taking application enabling efficient note creation, management, and updates. It incorporates advanced user authentication and authorization protocols to ensure secure and exclusive access to user data.

### MOVIE RECOMMENDER SYSTEM

Led the conception and development of a sophisticated movie recommender system, utilizing cutting-edge algorithms and collaborative filtering techniques.

### NEWSSPHERE: SOPHISTICATED NEWS APPLICATION

Architected and implemented a sophisticated news application, leveraging React JS for the frontend, Bootstrap for responsive design, and employing a blend of JavaScript and CSS to ensure a polished and professional user interface.

### HELPING HANDS WEBSITE

We collaborated with the college organization Helping Hands to design and implement a user-friendly website, enhancing their online presence and facilitating their outreach efforts.

## CO-CURRICULAR ACTIVITIES

- **NSS Volunteer** : Actively contributed as a volunteer in the NSS
- **SDCAC Team Member** : Contributed to organizing academic and cultural events, enhancing teamwork and event management skills.

## CERTIFICATIONS & ACHIEVEMENTS

- Solved 150+ problems on LeetCode, focusing on data structures and algorithms.
- Earned a Golden Badge in SQL on Hacker Rank
